Notes: 1. Product development is constantly taking place and dimensions may alter without prior notice. 2. Weight – load cell, bridge and nut rotating disc. 3. Max. tool operating pressure – 21,750 psi (1500 bar).

- Primary Tool  
To cover a wide range of bolts with the minimum number of tools (4 load cell covers 15 bolt sizes).
- Secondary Tools  
To provide the smallest possible tool for a particular bolt size thus making it the most economic.
- Sizes available on request.

\*Bolt protrusion above head of nut equals 1x bolt diameter (minimum).
